

# MELBOURNE TENNIS CENTRE – SHOW COURT 3

Spectator comfort is paramount for major sporting events. Even the most ardent fan would think twice about sitting in the sun for hours to watch their favourite tennis player.

The canopy over the seating area for Show Court 3 at the Melbourne Tennis Centre is a feature that increased spectator enjoyment during a major tennis tournament.

The canopy designed and constructed by MakMax minimised viewing obstruction while providing effective shelter for patrons from both rain and sun.
