

## PROJECT MANAGER

MakMax Australia is looking to recruit a Project Manager, to be part of our team based in Brisbane. As a market leader in tensile membrane structures, MakMax Australia offers a full in-house. Our team boasts Engineering, Drafting and Project Managers – delivering award winning projects across the globe. If you are passionate about delivering excellence, here's your opportunity to be part of the largest custom fabric structure team in Australia.

This is a challenging role and the successful candidate must have previous construction industry experience.

In addition to the following:

- High level of planning and organisational skills
- Demonstrate high level of negotiating skills
- Understand budgets and control of budgets
- Record of dealing with high end specification projects
- Excellent communication skills (written and verbal)
- MS Project expertise, highly desirable
- Degree qualification in Engineering is highly regarded

With demonstrated ability to

- Deliver projects with wide ranging values
- Liaise closely with clients and head contractors
- Provide leadership in time, cost, quality and project scope
- Manage meetings to achieve project deliverables
- Assist other Project Managers when required
- Provide a strong commercial focus
- Ensure the project plan is established and on track
- Attend customer meetings during construction/installation
- Compile and present monthly project cost reports

**Salary will be based on experience**

Forward applications for this position to [AnnieH@makmax.com.au](mailto:AnnieH@makmax.com.au)

**MakMax Australia embraces equal opportunity and promotes diversity, we encourage men and women of all ages and backgrounds to apply.**
