

PRODUCTION OPERATORS X 2

About the Roles

We are currently searching for two Production Operators to join our team in our Factory.

MakMax Australia is the market leader in the design, engineering, fabrication and installation of custom fabric structures for a variety of applications. We combine architectural designs with engineering solutions, ensuring project quality is second to none.

We are proudly part of the Taiyo Kogyo Group, and we are recognised as the longest standing Fabric Structure Company in Australia.

If you are looking to “kick start” your career and want to join a terrific team in a very creative and unique business, then this is the opportunity that you’ve been looking for.

This role will be part of our shop floor staff in our factory. It will only suit a physically fit and capable individual.

Key responsibilities will include but are not limited to:

- Support and assist in the manufacture and assembly of our commercial umbrellas
- Assisting production on the shop floor

Qualifications and Experience Required

Essential:

- Completed year 10 or 11
- Experience with MS Office, word and excel
- Punctual and reliable
- Keen to learn
- Highly organised
- The ability to use hand and power tools
- Strong communication skills

Highly Desirable:

- The ability to be able to read engineering drawings or specifications
- Forklift licence is advantageous
- Some drafting skills

The roles are open to those with working rights in Australia.

Salary will be based on experience

Forward applications for this position to AnnieH@makmax.com.au

MakMax Australia embraces equal opportunity and promotes diversity, we encourage men and women of all ages and backgrounds to apply.
